Prestige Renovation Project In Contrada Gagliardetta, in the territory of Castellamare del Golfo, in a position that dominates the Sicilian countryside with unique views of the Temple of Segesta, was born the project for the recovery of a historic baglio of about 200 square meters, surrounded by 4,000 square meters of appurtenant land. The renovation project involves the enhancement of the ancient structure, transforming it into an exclusive residence that combines authentic charm and modern comforts, in an area already characterized by the presence of prestigious villas. Features included in the project: 4 bedrooms, designed to accommodate guests in a charming setting, overlooking the surrounding landscape, A charming swimming pool with indoor beach, from which to admire the view of the Temple of Segesta and enjoy the silence of the countryside, A large outdoor patio, ideal for outdoor dining and convivial moments, with views towards the nearby Mount Inici, Spaces dedicated to private parking, perfect to ensure comfort and privacy, Environments designed to experience nature, a few minutes from the Segestane Baths, a place of well-being and natural relaxation, A cultural context of great prestige, with the proximity to the renowned Baglio Angimbé, a setting for events and Sicilian tradition. This project gives new life to a centuries-old baglio and transforms it into a place where history, nature and modernity coexist harmoniously. A perfect solution both as a prestigious private residence and as a charming accommodation facility, capable of maximizing the potential of the area.
